DETAILED ACTION

The amendment filed August 9, 2005 is acknowledged.

The text of those sections of Title 35, U.S. Code not included in this action can be found in the prior Office action.

Claim 1 remains rejected under 35 U.S.C. 112 first and second paragraphs as not being supported by a clear and complete botanical description of the instant plant set forth in the objections to the disclosure under 37 CFR 1.163(a) of Office Action dated September 24, 2004.

Applicant's amendment dated August 9, 2005 failed to address the following new grounds of rejection:

In the substitute specification:

- A. On page 5, line 19, the recitation "Sometimes >2" is vague and does not quantify the average number of leaflets per foliage. Clarification is necessary.
- B. Page 9, line 13, the recitation "Orange-red 438" is unclear because it does not exist in the RHS Colour Chart, 2001. Clarification is necessary.

Conclusion

No claim is allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1661

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
